

OPENING OF MT. FRANKLIN COUNTRY CLUB ON WEDNESDAY IS TO BE BIG SOCIAL EVENT OF THE EL PASO WEEK

By DOROTHY R. JOHNSON.

FOR the opening of the Mt. Franklin Country Club on the morning of Wednesday, the board of directors have extended invitations to every member of the club, the El Paso Country and University clubs for the brilliant event, in addition to the 600 on their own membership roster. Brig. Gen. George Bell, Jr., of the United States army, is to be guest of honor, from the time the American and Mt. Franklin Country club flags are raised on the 10 foot flag pole, at 1 o'clock, until the midnight hour resounds. The presidents of the three named clubs, Messrs. Frank M. Murchison, of the United States Country Club, the Country Club, and Donald Gillette, of the University club, have accepted to share honors, and all will be seated with the directors and board members at a large oval board holding a copious meal in the center of the spacious main dining room. A large number of the guests are to be from the city, and all will be seated with the directors and board members at a large oval board holding a copious meal in the center of the spacious main dining room. Cloudcroft Beckons El Paso People To Its Piny Breezes

THE beckoning of the pine fringed mountain resort, Cloudcroft, is causing society to flit and scurry in countless machineless to the joyous of mid-summer's out of doors. The exodus is also noticeable by every train. The blinds are down in many of our palatial homes—down well as gathering in the gardens and breezy balconies drapes the farmlands like mourning for the gay season that was so reluctant to die.

The society of the west is like this: the vacationers prefer family gatherings in cottages and mountain camps, to formal dinners in the big hotels. Informal summer cottages have been transferred largely for the time being to this beautiful El Paso temporary residence place. After the Fourth with the big lawn fete at the Turner house, and the formal opening of the new Mt. Franklin Country club to have as from central point of us shall for the time go in for the extreme of simple life—a quiet month at two tiers the winter season starts in with fresh vigor and the United States Country club, augmented by the University club, festivities open full swing their fall celebration of future events. These hot days make us drowsy.

Mrs. H. R. Stewart, with her son, Robert, and two of her daughters, Mrs. James L. Collins and Mrs. James L. Collins, are leaving today for Cloudcroft, where they have taken the State's cottage. Mr. Stewart will go for the weekend and whatever time he can take from business.

Miss Jane Burgess and her house guest, Miss Katherine Evans, of Lancaster, Pa., who arrived Sunday last, go on the same train as the Stewarts, together with Mrs. Walter D. Howe and her daughter, Ethel Irene, and son, Walter. Miss Marjorie Howe is putting in so much of her summer studying that she will only go Saturday to spend Sunday. Mrs. J. M. Howe plan to take their family to California later, so will return to El Paso soon. The Stewarts, Mr. and Mrs. J. M. Goggin, with their daughter, Miss Mary Simpson Goggin, and her house guest, the Misses Mary Perper Kirkland, of Houston; Lorenza Grimm, of Texarkana; Margaret...

Going To Iowa For The Summer

Miss Alice Pleasants, who was given a birthday party and a farewell party on Saturday evening by her friends. She is leaving soon for Clear Lake, Iowa, to visit for the summer. She is the attractive little daughter of Mr. and Mrs. G. P. Pleasants, of Manhattan, Nebraska.

El Pasoans Returning

A. K. Ryan has returned from a two week trip to New York and other eastern points. Accompanied by her two daughters, the Misses Mary and Katherine Ryan, Mrs. Ryan has returned from Cloudcroft, where they enjoyed several weeks.

Mr. and Mrs. E. C. Wade, Jr., and children, 1200 Rainey, have returned from the California coast, where Mrs. Wade and family have been for several months.

Mr. and Mrs. Charles C. Duvall, who were on an extended trip through the West, including Kansas City, Chicago, St. Louis, Niagara Falls, Syracuse, New York, and Atlantic City, Washington, D. C. and Cincinnati.

Miss Katherine Dick, who went northeast several days, returned Saturday night. Little Elizabeth Hamer, recently with Mrs. Francis C. Keefe at Cloudcroft, returned on the same train.

T. E. A. Martin and young Christopher Allen Martin, the son and only child of the Martin household, and his adorable childhood wife, returned Tuesday from a lengthy stay in Oklahoma. Mrs. Martin's relatives live in Oklahoma and it was there she spent most of her visit.

Lodges and Clubs

The women of Fort Bliss, who were appointed to arrange for the purchase of fans for the base hospital, have this week received the fans, ordered some time ago, and turned over enough coffee fans to equip several wards of the hospital. This fund was collected through the efforts of all members of the hospital. The fans were presented to the hospital. As there is no Fort Bliss auxiliary, due to rapid change of troops, a committee was appointed, composed of Mrs. Heald, Mrs. Mencher, Mrs. Garza, Mrs. Seaman, Mrs. Anshine and Mrs. Glanville to order and turn over the fans to the hospital. At the same time these coffee fans were presented, the young women of the N. H. club, who gave an entertainment recently at the Arlon tabernacle for the benefit of the sick men, turned over \$113 to Mrs. Mencher and Mrs. Garza for the purchase of fans. The fans are being distributed to the hospital. Thanks are due to Capt. Gardener for his kindness in installing the fans and to Miss Alana Orndorff, Dorothy Volterman, Frances Earl, Bartram Orndorff, Mary Hughes, Frances Orndorff, Katherine Earl, Ann Magoffin, Helen Reading and Marion Calman, the members of the N. H. club, for their gift.

THE ADVANTAGES OF THIS WONDERFUL ROOFLESS PLATE

1. As the part next to the gum is of very soft rubber, it gives in chewing, as the natural tooth, thereby enabling you to eat food impossible with the old style plate. You simply grind your food with the old style plate. You cannot chew it.

2. As the roof of the mouth is clear, there is nothing to rest on the hard bone in the mouth. It can be put in immediately after extraction and the plate settles with the gums as there is no hard ridge in the roof of the mouth to hold it back. And for the same reason as you can readily see, it cannot possibly "rock." When these plates are put in immediately after extraction and "settle" with the gums, of course there is no plate in the world can come anywhere near the fit of these.

3. Naturally they can be made to fit any mouth—and mouths that cannot wear old style plates—as the roof deep, shallow, flat, has not to be taken into consideration at all.

4. They have a better suction—soft rubber as against hard.

5. Comfort, taste, freedom from voice interference, and many other advantages that will suggest themselves to you if you will look at the diagram. Teeth extracted in the morning, plates delivered the same day.
